REPORT OF COMMITTEE

Appointed by the Governor to examine the Books and Accounts of the State Treasurer, for the year ending September 30, 1871.

TREASURER'S OFFICE.—This, the last office examined, we found, on thorough examination, to have been correctly kept. The certificates of the Auditor for receipt of funds were compared with the entries on the books of the office, and were found to correspond, both as to number and amount of the certificate, and to agree with the entries on the books of the Auditor; and so, also, in regard to the warrants for disbursements, in so far as they have been paid.

The amount of funds received since the first of October was added to the balance shown to be in the Treasury on that day, and the payments made since, deducted from the aggregate amount of balances and subsequent receipts, the money on hand counted, and the balance stated to be in the Treasury on the 30th of September, as well as on this day, found to be correct.

J. A. GRAHAM,
I. W. ROBERTS,
TURNER CLANTON,
Committee.

November 1st, 1871.
